Не устанавливайте прибор в ограниченном пространстве, например, книжном шкафу или встроенном шкафу. Чтобы снизить риск пожара, не покрывайте вентиляционное отверстие аппарата газетами, скатертью, шторами и т.д. Не разгитите голые источники пламени, такие как зажженные свечи на аппарате. Чтобы снизить риск пожара или поражения электрическим током, не подвергайте этот аппарат капать или брызгать, и не разбрасывайте на аппарат предметы, наполненные жидкостями, такими как вазы. Не подвергайте батареи или аппараты с батарей, установленной на чрезмерное тепло, такие как солнце, огонь или тому подобное. Чтобы предотвратить травму, этот аппарат должен быть надежно прикреплен к полу/стене в To use only. This device is classified as a CLASS 1 LASER product. This marking is located on the back of the outside. For customers in AustraliaDedededeceives old electrical and electronic equipment (applicable in the European Union and other European countries with separate collection systems) This symbol on the product or on its packaging indicates that this product should not be considered as household waste. Instead, it is transferred to the appropriate collection point for the processing of electrical and electronic equipment. By ensuring that this product is disposed of correctly, you will help prevent potential adverse effects on the environment and human health that might otherwise be caused by the mishandling of the product's waste. Recycling materials will help preserve natural resources. For more information about recycling this product, please contact your local civil office, your household waste disposal service or the store where you purchased the product. Precautions On power sources, the device does not disconnect from the power grid until it is connected to the AC socket, even if the unit itself has been turned off. If you notice an anomaly in the block, immediately disconnect the main outlet from the AC socket. CopyrightsThis product includes copyright protection technology that is protected by U.S. patents and other intellectual property rights. The use of this copyright protection technology must be authorized by Macrovision and is intended for home and other limited viewing only if otherwise macrovision is not allowed. Reverse engineering or disassembly is prohibited. This system includes Dolby Digital and Dolby Pro Logic (II) adaptive matrix 3D decoder and digital DTS circuit system, manufactured under license by Dolby Laboratories.Dolby.Dolby, Pro Logic, and the double-D symbol are trademarks of Dolby Laboratories. 5,956,674; 5,974,380; 5,978,762; 6,487,535 - other U.S. and world patents pending.
